Memorial Banners

1. Install Adobe fonts Basic Sans Bold & Semibold.

2. Request the Legion Branch logo through marketing@legion.ca.

3. Open the Memorial Banner InDesign file.

4. Replace the generic Legion Branch logo with the updated Legion Branch logo provided.

5. Replace the image of the Veteran with a Grayscale or CMYK (made to look black and white) psd, tif or jpg at:
- maximum 300 DPI
- minimum 120 DPI

6. Delete the placeholder partner logo and replace with the partner logo(s) if applicable.

7. Replace the text in the name and service boxes. Adjust the box width of each to fit the titles – leaving extra space on each side between the lines and the type. Make sure each box is centered.
